WORK FROM HOME BUNDLES

The **LEADER corporate N12 NUC** is perfect for your work-from-home setup. With its compact design taking very little space on your desk (it can be mounted on your monitor!) this is a powerful PC despite its size. Its low power usage will even help save on your energy bills. Additionally, it comes with a LEADER 3 year '4 hour' up and running onsite warranty for peace of mind.

Faster, Lighter, Safer & Longer Lasting... Welcome to the Centurion LiFePO4 UPS

The Centurion RT LiFePO4 UPS Series offers a higher return on investment when looking for battery backup and comprehensive protection of mission-critical devices such as sensitive networks, computers, servers, telecom applications, as well as industrial applications.

With safety as our absolute priority PowerShield engineers chose LiFePO4 batteries for this series that feature a chemical composition that ensures they are non-flammable and as such will not catch fire when exposed to electrical and mechanical stresses. Find out more today about this game-changing range.

ecoLiFePO₄

Higher Safety
Non-flammable

Offers and prices are available until June 30 2020 or while stocks last. Details correct at time of printing. We reserve the right to correct errors/or misprints and to change product specifications. Stocks may vary from store to store. Delivery may be slightly longer in some country areas due to courier delays. Freight charges may apply in some country areas. Onsite Warranty only covers systems (excludes peripherals and software). 12-24 months return base warranty on notebooks, extended warranty available. 12 month warranty on batteries in notebooks and tablets. Prices may subject to change without notice. E&EO. Pictures are only for illustrative purposes. Supplied product may appear different. Actual colours may vary slightly to printed colour. Accessories are for display purposes only and are not included unless specifically nominated. All products are advertised in good faith and will be available except in circumstances beyond our control. Despite our careful planning, we apologise if selected items may sell out quickly due to unexpected high demand. Intel NUC's are barebone units only and require storage and memory to be added.

* The Australian Government is offering businesses with aggregated annual turnover of less than \$500 million instant asset write-off up to \$150,000. Hurry offer ends 30 June 2020.
